Presenting over 30 works from the last 5 years, the exhibition emphasizes Fitzgerald's expertise using gilded grounds. These round works respond dynamically to ambient light. The precious metals reflect light from their surface as well as through the veil-thin oil paint on the surfaces. The result is a rich, subtle experience of energy and space, a shimmering that is at once physical but also metaphorical and poetic.

Shimmering World is the 20th solo exhibition of Fitzgerald's work. She has exhibited across the U.S. Her work is in numerous public and private collections, including Memorial Sloan Kettering Cancer Center, Montefiore Medical Center and the Reinhart Collection in Germany. In 2014, she was awarded a full fellowship to Haslla Art World,

Gangneung, South Korea, as an international artist-in-residence.

Gallery hours are Monday-Friday, 9am-5pm; Saturday, 10am-1pm.
